# Design, Drafting & Interior Fittings

*Choose a future better by design*

Design is a career path for people who like to draw and have their ideas come to life. It can also be the right career choice for people who find inspiration from the built environment.

These courses are for people who want to see their design ideas become reality. You can learn skills in this study area from basic drafting and design principles to the coordination or management of building and/or construction projects, including interior spaces.

- Diploma of Building and Construction (Building)
